Important Policies Regarding Peer Review

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This study seems to be good because it covers about economy of tribal households in Bangladesh. This manuscript focuses on supply chain and benefit cost ratio of rearing pigs in selected place and selected community of Bangladesh. So this manuscript has importance for the scientific community.	Firstly we want to thank the reviewer for his/her valuable comment. This study is valuable for the scientific community as it sheds light on the economic aspects of backyard pig farming among tribal households in Bangladesh. By analyzing the costs and benefits, it shows how pig farming helps improve the livelihoods of tribal women. The research also looks at the supply chain and marketing systems, pointing out problems that lower farmers' incomes. Moreover, it provides practical policy suggestions to promote

		sustainable pig farming, supporting poverty reduction and economic empowerment in marginalized communities.
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, suitable	The reviewer finds the title suitable. No changes are needed.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is ok. Few corrections should be made. I marked this. Few corrections should be made. I marked this in text. Check this data as per indicated in table in result section. Be sure this data should be in result section.	We go through the abstract and results section again and find some numerical mistakes and correct all the mistakes in original manuscript and also highlight in reviewer's attachment.
Is the manuscript scientifically, correct? Please write here.	Of course, correct because the manuscript has all parts well written I marked in text. Please follow and correct it.	As per the reviewer's suggestion, we have reviewed and incorporated the necessary corrections marked in the text.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Ok	The reviewer commented that references are sufficient and appropriate.
Is the language/English quality of the article suitable for scholarly communications?	Ok	Thanks to peer reviewer.
<u>Optional/General</u> comments	Minor corrections or revisions needed. PLEASE SEE ATTACHMENT	We have revised the article again and corrected all minor mistakes.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	There are no ethical concerns related to this manuscript.
